February 2000

Port St. George, July 7, 1938.

[Finance—Beltory, Annamapur and Karsed.]

No. 418—

The measures taken up in this June 1938 for the relief of distress caused by adverse seasonal conditions in the Beltory, Annamapur and Karsed districts, were summarized in the Press Correspondent of that date. A brief account of the measures taken since then is given below for general information.

#### I.—BELTORY DISTRICT.

1. *Sericulture*.—Silks were still during the period under review, but it was not sufficient for starting agricultural operations on a large scale. The seasonal conditions continue unchanged otherwise.

2. *Public works*.—Sericulture has been accepted, so far, for the opening, if necessary, of treaty works. On 25th June 1938, there were 15 relief works and one tent work in operation as against 14 relief works and 2 tent works on 29th May 1938. The total number of workers employed during the week ending 25th June 1938 was 45,334 on the relief works and 261 on the tent work as against 43,110 and 4,229, respectively, during the week ending 29th May 1938.

3. *Feather*.—In the Press Correspondent, dated 24th June 1938, it was stated that sanction had been accorded for the collection of 200 tons of hill grass in addition to the collection of 1,100 tons already ordered. All the hill grass collected has been sold. The Government have therefore sanctioned a scheme for the importation of chicken and poultry from outside the district.

4. *Leaf revenue*.—In addition to the leaf revenue remission granted already, the Government have sanctioned a remission of 75 per cent of the assessment on dry lands in four more villages of the Akali taluk of this district.

5. *Gratuitous relief*.—The total number of persons in the areas under famine relief in receipt of gratuitous relief during the week ending 25th June 1938 was 13,325 as against 19,064 during the week ending 29th May 1938.

6. *Loans*.—As the allotment of Rs. 50,000 previously sanctioned for the grant of loans in cultivation under the Land Improvement Loans and Agricultural Loans Acts has been found insufficient, the Collector has been authorized to incur additional expenditure not exceeding Rs. 10,000 for the same purpose.

7. *Condition of people*.—Public health was generally good. The distress continues.

#### II.—ANNAMAPUR DISTRICT.

1. *Sericulture*.—There was an improvement in the seasonal conditions in the Hindupur and Parakonda taluks during the period in review. Lacokers have been finding surpluses on agricultural operations which have commenced on a small scale and famine conditions have ceased to exist in these taluks. Consequently the number of workers on the tent works in operation in these taluks decreased steadily and the tent works have been closed.

The distress in the Gooty and Tadipatri taluks, however, continues.

2. *Public works*.—No new work was sanctioned during the period under review. Six tent works are now in operation. The total number of workers during week ending 25th June 1938 was 21,336 as against 22,150 during the week ending 29th May 1938.

The Annamapur District Board has been permitted to take up two more road works in the Katar taluk. The Perig-Boddala road work in the Hindupur taluk, which has been closed as a tent work has also been ordered to be continued as a district board work.

A working centre has been opened at Trovankadu in order to relieve the weavers by providing employment at their own craft.

3. *Gratuitous relief*.—The total number of persons in receipt of gratuitous relief during the week ending 25th June 1938 was 13,524 in the area under famine relief as against 12,451 during the week ending 29th May 1938.

4. *Loans*.—The amount of loans advanced up to the week ending 25th June 1938 was Rs. 35,035.

5. *Condition of people*.—Public health was generally good.

#### III.—KARSED DISTRICT.

1. *Sericulture*.—Handloom was reported during the period under review. Agricultural operations have also commenced on a limited scale.

2. *Public works*.—No fresh works were sanctioned subsequent to the issue of the last Press Correspondent. Four relief works and one tent work continued to be in operation. During the week ending 25th June 1938, there were 10,541 workers on the relief

works and GTE on the last works, as against 11,452 and 1,533, respectively, during the week ending 25th May 1932.

3. *Grainland relief*.—The total number of persons in receipt of grainland relief during the week ending 25th June 1932 was 9,207 in the area under famine relief as against 9,725 during week ending 25th May 1932.

4. *Loans*.—The Board of Revenue has sanctioned an additional allotment of Rs. 10,000 for the grant of loans to cultivators. The Government are also authorizing the Collector to issue additional expenditure up to Rs. 10,000 for the same purpose.

The special loans staff has so far disbursed Rs. 23,506 and Rs. 33,162 for the purchase of fodder and seed grain, respectively.

5. *Condition of people*.—Public health was generally good. The distress, however, is reported in pockets.

6. *Miscellaneous*.—Private charitable relief is being organized in the Karnal taluk.

B. G. HOLDSWORTH,  
Secretary to Government.

## ABSTRACT

Waterlogging of the whole irrigated strip was not generally avoided by draining. Some of Kungur's crops, mainly cotton, maize, millets, pulses, cotton, castor and groundnut were damaged. Stagnation of water was less in the strips of Kharagpur and Panchsahi, but sufficient elsewhere. Conditions of water pressure, temperature and salinity were not ideal for the selection of crops. The waterlogging was not serious in Kharagpur, in the ricefields of local land and Panchsahi Department, and minor irrigation works, provided that it was not too deep. From the Kharagpur canal and other canals, some of the water in the Kharagpur and other canals went to the Kharagpur and other in Kharagpur area, and in some cases, it was used for irrigation. The waterlogging of local ground with out for the use of the water was not serious.

## RETURN PAGE.

Water supply sufficient. Standing water from  
pasture available except in parts where it is sandy.  
Fodder sufficient. Condition of cattle generally  
good. Lagoon available in agricultural operations,  
for drainage and seed work. Rain needed.

The Prisoners and Indian Lunacy (Madras Amendment) Bill, 1935	136

Approved by the Council of Ministers on 24th July 1936.  
Read in the Madras Legislative Assembly on 24th July 1936.

Bill to be introduced in the Legislative Assembly  
of the Province of Madras.

Under the proviso to rule 73 of the Madras Assembly Rules, the following Bill, together with the Statement of Objects and Reasons, is published for general information:—

*A Bill further to amend the Prisons Act, 1894, and the Indian Lunacy Act, 1912, in their application to the Province of Madras, for certain purposes.*

WHEREAS it is expedient further to amend the Prisons Act, 1894, and the Indian Lunacy Act, 1912, in their application to the Province of Madras for the purposes hereinafter appearing; It is hereby enacted as follows:—

1. This Act may be called the Prisons and Indian Lunacy (Madras Amendment) Act, 1935.

Description of  
new section  
of the Act  
IX of 1904.

Power of  
Superintendent  
to send prisoner  
to hospital or  
asylum  
if approved  
treatment.

2. After section 30 of the Prisons Act, 1894, the following section shall be inserted, namely:

" 30-A. The Superintendent may, if in his opinion, a prisoner requires special treatment in a hospital outside the prison or in an asylum as defined in the Indian Lunacy Act, 1912, send him to such hospital or asylum subject to the prisoner executing such bond and abiding by such other conditions, if any, as the Provincial Government may by rule or order prescribe. Any period during which the prisoner is undergoing treatment in such hospital or asylum or spent by him in going thereto or returning therefrom shall be deemed to be part of the period of his detention in the prison.

Explanation.—Nothing contained in this section shall be deemed to affect the operation of section 30 of the Prisons Act, 1900, in cases to which that section applies."

Amendment  
of section 4  
Act 12 of  
1902.

3. In subsection (1) of section 4 of the Indian Lunacy Act, 1912, for the words and figures " save as provided by sections 8, 10 and 68 ", the words, figures and letter " save as provided by sections 8, 10 and 68 of this Act and by section 30-A of the Prisons Act, 1904 " shall be substituted.

#### STATEMENT OF OBJECTS AND REASONS.

Under section 35 of the Prisons Act, 1894 (IX of 1894), as it stands now, the period spent by a prisoner outside the prison may be deemed to be part of his sentence only if the prisoner is in the lawful custody or control of a prison officer. It is not however found necessary to keep a prisoner who is not a dangerous prisoner under any special guard when he is in a hospital. The present practice is for Government to release the prisoner under section 401 of the Code of Criminal Procedure conditionally on his executing a bond for good behaviour while in the hospital and for his return to the prison after the treatment is over. After resumption to the prison, the period spent by the prisoner in the hospital is deducted from his sentence under section 401 of the Code. The same practice has also to be adopted when a prisoner who cannot be carried to be of unsound mind has to be sent to a mental hospital for treatment.

as section 30 of the Prisoners Act, 1900 (III of 1900) only provides for prisoners who are of unsound mind being removed to asylums.

9. The object of this Bill is to provide for a prisoner being sent to a hospital or asylum for treatment, without the necessity of Governmental having to pass special orders in each case under section 401 of the Code of Criminal Procedure. The necessary provision is contained in new section 30-A which it is proposed to add to the Prisoners Act, 1900, by clause 2 of the Bill. A consequential amendment to section 4 (1) of the Indian Lunacy Act, 1912, is made by clause 3.
